

# Accessibility Statement

The Clean Mobility Development Collaborative (“CMDC”) is committed to providing a website that is accessible to all individuals, including people with disabilities. We believe everyone should have equal access to our products, services, and online information, and we are continually working to improve the user experience for all visitors.

## Standards and Measures

CMDC aims to conform to the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA, which outline best practices for making web content accessible to people with a wide range of disabilities. We integrate accessibility considerations into our design and development processes, provide training to our teams, and use evaluation tools to identify and address potential barriers.

## Technical Compatibility

Our website is designed to work with modern web browsers and assistive technologies such as screen readers, keyboard navigation, and voice recognition software. The site relies on standard web technologies, including HTML, WAI-ARIA, CSS, and JavaScript, to ensure compatibility.

## Known Limitations

Despite our best efforts, some areas of the website may not yet be fully accessible. Examples may include:

- Multimedia content without captions or transcripts.
- Decorative or complex images without detailed descriptions.
- Third-party applications, plug-ins, or widgets that we do not control.

We are actively reviewing and improving these areas to provide a more inclusive digital experience.

## Feedback and Assistance

If you experience any difficulty accessing content on this site, please contact us so we can assist you and provide the information in an alternative format if necessary:

- **Email:** [support@cmdcollab.org](mailto:support@cmdcollab.org)
- **Mailing Address:** 9950 Jeronimo Road, Irvine, CA 92618

We welcome feedback and will make every reasonable effort to ensure accessibility for all users.

## Third-Party Websites

Please note that CMDC is not responsible for the accessibility of third-party websites, including independently operated dealer websites or external platforms linked from this site.

## Continuous Improvement

Accessibility is an ongoing effort at CMDC. As technologies evolve, we remain committed to reviewing, testing, and enhancing our website to provide an inclusive experience for all visitors.
